

### Early Success Neighborhood – Comprehensive Services & System Model

The model above shows the child and family-centered service continuum birth through grade three consisting of evidence-based and evidence informed practices. All the services are coordinated through the ESC and delivered by its member partners. The foundation infrastructure elements along the bottom are provided by the ESC.

This comprehensive model included evidence-based practices funded by the federal Project LAUNCH grant and other public funding sources. In addition, other strategies including enhanced outreach and universal home nurse visits are funded by a private foundations. This comprehensive model will be delivered in South Memphis, a high disparity area consisting of zipcodes 38126, 38106, and 38109.

### 3 Demonstration Neighborhoods Facing High Disparities
